

New Day

Ian Sharp

C G F G

C G C G

Today is the new day
Since they lifted You up on the tree
And now Your light rises
Rises in me

F G F G

So I'll lift You higher
As I die to the world
To pursue this solitary desire

F G C

Tasting the goodness of God

C G F G

No plans are needed
But obedience
No hope deferred now
You're my fulness, Oh God
No more condemnation
But the sweetest of sounds
Of all accusations
As they fall to the ground

C G C G

Today is the new day
Since they lifted You up on the cross
And now Your light rises
Making a Way for all of us

F G F G

Oh, what a myst'ry
Only grace let me see
How the curses that fell upon You

F G C

Can never fall upon me

======(Bridge)

C G F G

The voice of my King in my ear Saying, "Love Me today-
Cast your cares here upon Me, And then here with Me stay.

F G C G/B Am

Oh, come away to a place I can love you deeper still

F G C G/B Am

Come away, seek My face And I'll give you the world-

I'll give you Myself."
